Practice area under IP Law

We provide advice and can help you with agreements on and licensing of intellectual property rights.

Our team continuously provides legal and commercial advice to Danish and foreign clients in connection with transactions that include the transfer or licensing of intellectual property rights.

Our work covers all aspects of drafting and reviewing (licence) agreements involving patents, trademarks, designs and other intellectual property rights. We can also help you with disputes regarding (licence) agreements through the courts or arbitration.

Our work also comprises due diligence regarding the intellectual properties of companies and the drafting of agreements as well as terms and conditions in collaboration with our M&A team in the many transactions we are involved in each year.
