## PRACTICE AREAS

Data Protection Law  
Investigations

With more than two decades of experience, Michael has become one of Denmark's foremost experts in data protection law, guiding some of the most prominent Danish and multinational companies through complex regulatory landscapes.

Michael's expertise spans all facets of data protection, including GDPR compliance, international data transfers, data security, and privacy policies. He is highly sought after for his ability to manage data protection compliance projects, conduct privacy audits, and handle crisis situations involving data breaches. His deep understanding of data protection issues and his practical approach make him a trusted advisor to clients across various industries.

In addition to his advisory work, Michael has played a pivotal role in educating and advancing the field of data protection. He spearheaded Plesner's GDPR Master Class and the "[Plesner Data Protection Law Certificate](#)," which combined have trained more than 1,100 professionals. Michael was also involved in developing the compliance software RISMAGdpr and Plesner's GDPR e-learning platform, further showcasing his commitment to innovative solutions in data protection.

Michael's contributions have earned him global recognition, with numerous accolades placing him among the top legal experts in his field. He is frequently acknowledged as a "Global Elite Thought Leader" in data privacy by Who's Who Legal, reflecting his exceptional skills in navigating complex regulatory

Legal, reflecting his exceptional skills in navigating complex regulatory challenges.

At Plesner, Michael is not only valued for his legal acumen but also for his ability to communicate complex legal matters in an accessible way. His clients appreciate his clear, pragmatic advice and his dedication to understanding their business needs. Michael's forward-thinking approach and extensive network, both locally and internationally, enable him to deliver solutions that drive value and foster trust.
