Plesner's Energy and Infrastructure team handles some of the largest and most complex projects and transactions within the energy and infrastructure sectors. Plesner's Energy and Infrastructure team offers an integrated multi-disciplinary specialist team to international and national players across a full spectrum of the energy and infrastructure market.

PRACTICE AREAS

Energy and Infrastructure
Environmental, Social & Governance (ESG)
M&A

Maria is a partner in Plesner's Energy and Infrastructure team. She has been involved in a wide range of energy and infrastructure matters (M&A, JVs, projects and regulatory) involving both conventional energy (oil and gas), new energy sources (biogas, solar, geothermal), and district heating.

Maria advises on transactions, project development, commercial contracts, offtake agreements, and regulatory matters.

She has worked for a broad range of large international and national energy companies, project developers, PE funds, and sponsors in both Denmark and internationally.

Maria has a Master's degree in Law from the University of Copenhagen. Maria is chairperson of the Association of Danish Law Firm's Special Committee on Climate. She has extensive lecturing experience, including from the board leadership training program at CBS - Copenhagen Business School and as an external lecturer at the University of Copenhagen.

Almost all the matters in which Maria is involved require a multi-disciplinary team

approach and project leadership. She and the team are continuously sought by clients for their ability to provide a clear set of priorities, clear communication, and a deep commercial understanding of clients' requirements.
