Line is an experienced leader who oversees a dynamic and diverse team focused on driving efficiencies and enhancing client experiences across complex legal projects.

With an international background in business development, innovation and strategic planning, Line thrives in driving digital transformation and forming multidisciplinary teams who deliver advanced and holistic services to the clients. She is passionate about change management and behavioral design, particularly when bridging human and innovative solutions.

Certified in Legal Project Management, Lean and Six Sigma, Line drives project methodologies and process optimisation initiatives across the firm. She has several years of experience from consulting, pharma and IT applying mindsets and ways of working from these sectors to obtain continuous improvements and the best possible client experience.

Line holds a Bachelor of Science in Business Administration and a Master of Science in Management of Innovation and Business Development from Copenhagen Business School and Fudan University in China.
