Rebecca is a project manager in Plesner's Projects & Innovation team and part of Plesner's Tax team. She simplifies complex processes and supports the legal resolution of large projects.

PRACTICE AREAS

Tax

She works closely with the lawyers on large and complex tax litigation matters where she has the responsibility of selected processes. Moreover, she manages development projects together with colleagues and external experts.

Rebecca holds a Master's degree in history from the University of Copenhagen.

Projects & Innovation combines business knowledge with process optimization, technology and business development knowledge to improve and optimize workflows and enhance the client experience.
