Email mkpe@plesner.com

Maria works with the enforcement of IP rights, particularly trademarks, patents, and product imitations.

PRACTICE AREAS

IP Law
Life Science - Regulatory & IP

Maria has experience with major and complex litigation, including preliminary injunctions, for both Danish and international clients. In addition, Maria advises clients with regulatory matters related to pharmaceutical products and medical devices.

Maria holds a Master's degree in law from the University of Copenhagen and has studied a semester at the University of Milan.

The major and complex litigation requires a strong and dedicated teamwork.
