PRACTICE AREAS

Real Estate

Peers work includes all legal aspects of real estate, focusing on national and international property transactions, the purchase and sale of properties and property companies as well as project development, including domestic and commercial properties.

Peer has been involved in a number of larger transactions in the Danish real estate market, including sale and leaseback transactions. He has advised a large number of Danish and international sellers, purchasers and investors on all aspects of commercial properties including the formation of leases and rent dispute cases.

Peer also provides advice on corporate law and general commercial law matters and he has a broad background in commercial law from his time in our Corporate/Commercial team.
