Mads is part of Plesner's Energy and Infrastructure team, where he primarily advises Danish and international clients on energy and infrastructure transactions. He primarily provides counsel to clients on all aspects of mergers and acquisitions, including general contractual and commercial matters.

PRACTICE AREAS

Energy and Infrastructure

Mads is a pragmatic advisor, always with an eye on clients' commercial needs. Mads excels at navigating complex negotiations with multiple parties and opposing interests.

Mads has a Master's degree in Law from the University of Copenhagen. In addition, Mads has pursued a Master of Business Administration from the University of British Columbia's Sauder School of Business, where he specialised in finance and sustainability.

Mads is a team player, and he is a strong proponent of cross-disciplinary collaboration. Mads consistently contributes to a supportive and efficient work environment, ensuring that clients receive comprehensive and well-rounded legal advice and services.
