Mia is a manager in our Digital, Tech and Commercial team.

PRACTICE AREAS

Digital, Tech & Commercial

Mia advises on all aspects of technology-related contracts.

Mia has extensive experience of procurement procedures and drafting and negotiation of all types of IT/technology-related contracts, including development contracts, implementation contracts, licensing agreements, SaaS and cloud contracts.

In addition to this, Mia provides advice on issues relating to telecoms, including advice to fibre-optics companies on the procurement of fibre infrastructure for service providers and end-users.

Mia has also been involved in several M&A transactions on both the seller and the buyer side.
